

### *What is WE Design Atlanta?*

WE Design Atlanta is a socially responsible multidisciplinary design corporation (now applying for their non-profit 501(c)3 status) providing free design services, creative consultation and educational workshops to qualifying individuals, small businesses and the nonprofit community. Our goal is to support interesting people, organizations, and ideas without sacrificing quality. Our work involves supporting local Atlantans and their creative endeavors while partnering with other designers, grass-roots, and creative organizations. "We believe in designing a better world by coming together, sharing together, creating together and ultimately succeeding together!"

### *How Can Individuals, Small Businesses and Non-Profit Organizations Get Help from WE Design Atlanta?*

WE Design Atlanta utilizes an application process in order to determine if individuals, small businesses and non-profit organizations qualify for free graphic and interior design as well as creative consulting services. We charge a one time non-refundable \$25 application fee to process all applications. This fee also covers the cost of a WE Design Atlanta membership for one year. A letter of approval or letter of explanation as to why services have been refused will be delivered to the applicant after their application is processed \*usually taking up to 5 days\*. Once approved, applicants will be matched with a qualified designer or designers whose area of concentration relates to the specified services.

### *Who Are WE Designers?*

WE Designers are local, Atlanta based designers with different skill levels and backgrounds including design students, design instructors, freelancers and CEOs. All designers are interviewed and screened prior to becoming a WE Designer. We do our best to match our applicants with a qualified designer whose area of concentration relates to the specified needs of that applicant.
